

CONDITIONS

of completing 6th year practical teaching abroad

It is approved to fulfill the practical block teaching of the 6th year General Medicine course during summer vacation – if you fulfill the practical teaching abroad (not in the University Hospital Pilsen).

Following conditions must be met:

1. The practical teaching must be completed in an accredited hospital and must be approved in advance by the head of the appropriate department of the University Hospital Pilsen.
The application for permission to complete the practical part of the 6th year clinical teaching abroad must be submitted to the English Study Department in advance.
2. During the course, the student must perform or observe all procedures as specified in the student's logbook.
3. The successful completion of the practical teaching must be confirmed by the hospital concerned.

MUDr. Vasileios Tzigkounakis, Ph.D.
Vice-Dean for English study programmes
